

For Patients With Dental Insurance

All insurance estimates of what your insurance will pay are based on information given to us. Each insurance plan is unique in what benefits are covered.

THERE IS NO GUARANTEE FROM THE OFFICE OF DR. RANDY DANIEL OF WHAT YOUR INSURANCE COMPANY WILL PAY. Necessary dental treatment is not always covered. Very few dental plans cover all fees for dental treatment.

If your dental plan pays less than expected, does not pay within 30 days of service, or does not pay the claim, a balance due will be reflected on your monthly statement and the balance becomes your responsibility. Also, if it is determined that you were not eligible for coverage, the balance becomes your responsibility.

By signing below:

- (1) You authorize your insurance company to pay directly to Dr. Randy Daniel for the services rendered which are covered by your insurance plan.
- (2) You authorize the office of Dr. Daniel to release all information necessary to secure the payment of benefits.
- (3) You state that you understand that you are responsible for all charges regardless of whether such charges are paid for by insurance.
- (4) You authorize the use of this signature for all future insurance submissions.

Signature of Patient or Parent if Patient is a minor
